Set Milk Payments In Region

Dairy farmers who supplied milk plants regulated under the New York-New Jersey marketing orders during December will be paid on the basis of a uniform price of \$12.21 per hundredweight (26.3 cents per quart).

The price for the corresponding month last year was \$12.78 per hundredweight. Market Administrator Thomas Wilson said the price was \$12.69 in November of 1987.

The uniform price is a market-wide weighted average of the value of farm milk used for fluid and manufactured dairy products. The seasonal incentive plan does not affect the uniform price for December.

A total of 14,221 dairy farmers supplied the marketing area with 913,039,252 pounds of milk during December. The gross value to dairy farmers for milk deliveries was \$114,765,119. This included differentials required to be paid to dairy farmers but not voluntary premiums or deductions authorized by the farmer.

Regulated milk dealers (handlers) used 398,976,349 pounds of milk for Class I, 43.7 percent of the total. This milk is used for fluid milk products such as homogenized, flavored, low test, and skim milk. For December, handlers paid \$13.90 per hundredweight (29.9 cents per quart) for Class I milk compared with \$14.24 a year ago.

The balance (514,062,903 pounds or 56.3 percent) was used to manufacture Class II products including butter, cheese, ice cream and yogurt. Handlers paid \$11.18 per hundredweight for this milk.

The uniform price is based on milk containing 3.5 percent butterfat. For December, there was a price differential of 15.4 cents for each one-tenth of one percent that the milk tested above or below the standard.

List Famed Musician For College Concert

Genesee's 1987-88 Limelight Performing Arts Series will continue Sunday, Feb. 14 with a performance by Grammy Award-winning trumpet player Wynton Marsalis.

The jazz concert will begin at 8 p.m. in Wadsworth Auditorium. Since 1983, Marsalis has won seven Grammy Awards and earned 15 nominations. In 1984, he became the first musician to win back-to-back Grammy Awards in the jazz and classical fields the same year and duplicated the achievement a year later.

He is the first musician of the '80s, and only the second in Grammy history, to win the "Jazz Soloist" award for three consecutive years (1984-85-86). A native of New Orleans, Marsalis played first trumpet in the New Orleans Civic Orchestra throughout high school and his prowess got him into the Berkshire Music Center at Tanglewood at age 17.

He recorded his first album in 1982 and has cut five more since, the most recent being "Standard Time."

Marsalis has performed around the country, making both jazz and classical music tours, and has served as a guest lecturer and performer at a number of colleges, including the Eastman School of Music in Rochester.

Tickets for Marsalis' Genesee performance are \$16 and are on sale in the College Union Ticket Office.
